**Subject:** RE: Your call regarding DTSC PCB project in Riverside

Hi Craig and Patrick:

Just wanted to let you know that we will reach out to you soon and arrange a conference call to discuss potential contingency planning with you. Currently we are working on decision matrix that will trigger a contingency or some short of time critical actions.

Thanks again.

Amit

**Subject:** FW: Your call regarding DTSC PCB project in Riverside

Good Morning Amit,

Please find below contact information for our OSC in So. Calif who would be happy to speak with your regarding preparations & contingency planning for your off-site, neighborhood evaluation at the Riverside Ag Park PCB site. In briefly discussing this issue with Craig – he thought it important that you touch-base with your DTSC Emergency

Response staff as well – and it seems as though either you or your toxicologist (Riz A. Sarmiento, Ph.D.) has reached out to **Adam Palmer** from your ER group?

Please don't hesitate to contact me directly Amit if you'd like additional follow-up

Best Regards...

---
